

NOTICE

19 August 2008

LIFT UPGRADING PROGRAMME (LUP 51) BLK 105 Bukit Purmei Road

Dear Residents/ Occupants of Blk 105

New Lift Shaft Construction Works at Typical Storey

As part of the upgrading works, the building contractor, M/s Teambuild Construction Pte Ltd would be carrying out the following works at your block as follows:

Block 105	Date	Time
Erect Metal Hoarding and demolition of Parapet Wall at typical storey 2 nd to 13 th & Hacking of R.C Column Plinth at typical storey 2 nd to 4 th	25/08/2008 To 4 th Quarter 2009	8.00 am to 6.00 pm (Except Sundays & Public Holidays)

To facilitate the construction works and for safety purposes, please keep clear of the affected area as shown in the attached plan. Residents are also advised to remove their properties from the affected area.

There will be gondola works outside the block along the new lift shaft areas. Some noise and dust would be unavoidable during the work process. However, we would like to assure you that noise and dust would be kept to the minimum. We apologize for the inconvenience caused and seek your understanding on the above matter so that works can be carried out smoothly.

If you need assistance or clarification, please call us at our Toll-Free Telephone Number as stated below.

Thank you.

Yours faithfully,

Tan Kim Lan, Jean
